Jaime Garzon are observed saying 100 years of solitude is the cartoon that represents the part that I liked the most of the joke where Garzon recites a part of the book From 100 years of solitude to Garcia Marquez

in this second this tibana dioselina the reckless cook of the caa de nariño I loved this character because he is very charismatic and funny also tells the truth that is the most important

NICOLD GORDILLO

because he was a character who dared to say what no one else did, in the middle of one of the most historic moments shameful and painful in the history of Colombia, who always lived with a smile on his face, who represented those classes less favored and was a well-liked character.

I find it interesting since this character represented a Colombian policeman. He devoted himself to reporting on the news about all the army's tech acquisitions. He was part of a military institution dedicated to personalized training for wars, like any other character in this program he always had his humor and a very good place.

ANGIE LAVAO

CATALINA ERAZO

DIOSELINA TIBANA

She chooses this character because she is a peasant woman who works to get ahead without her studies. That with his charisma and season I love everyone. She wasn't just any cook, she cooked the president and took the rags out in everyone's sun at Nariño's house.

NESTOR ELI

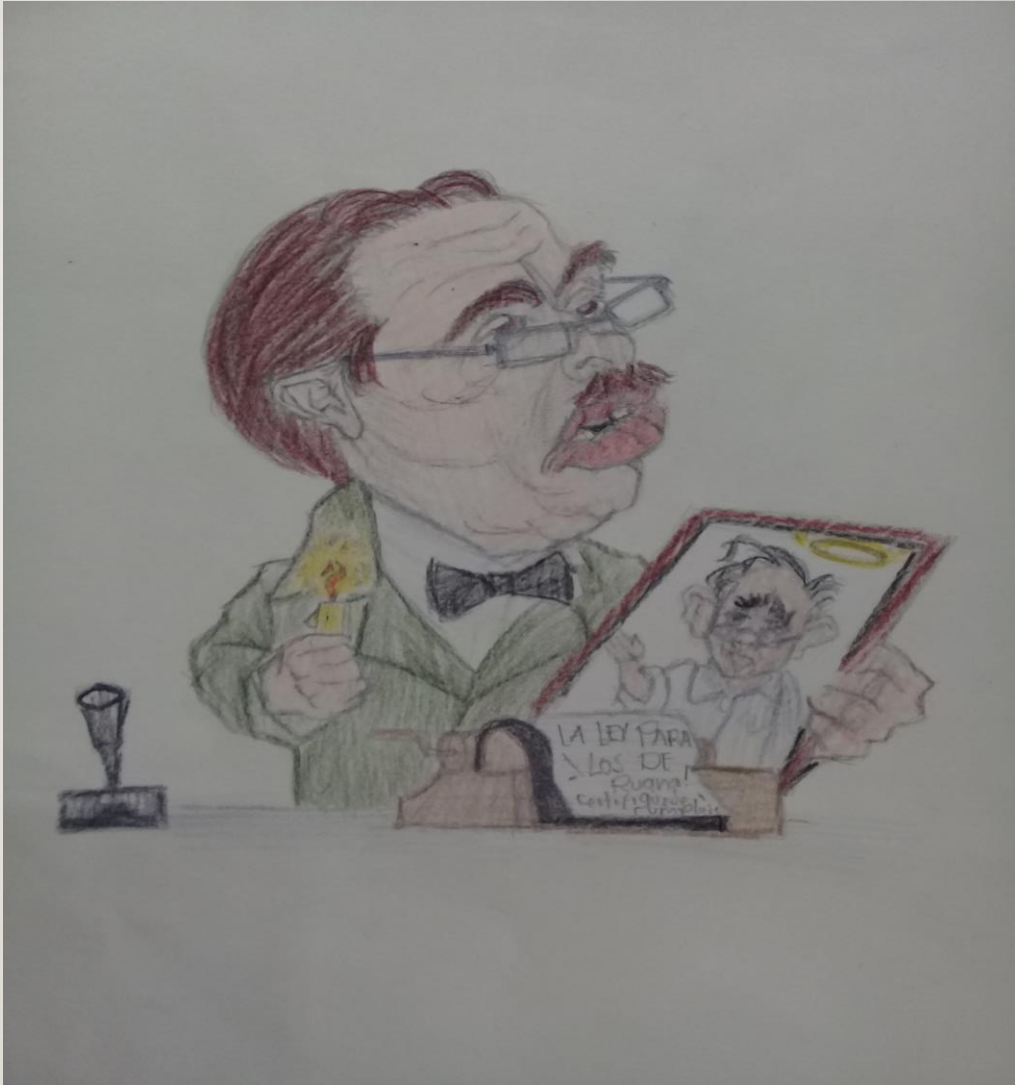

He was the typical gossipy warden of Iso buildings, godson of Dioselina And very hard-working. Another gossip they went to for information at Nariño's house.

HERIBERTO DE LA CALLE

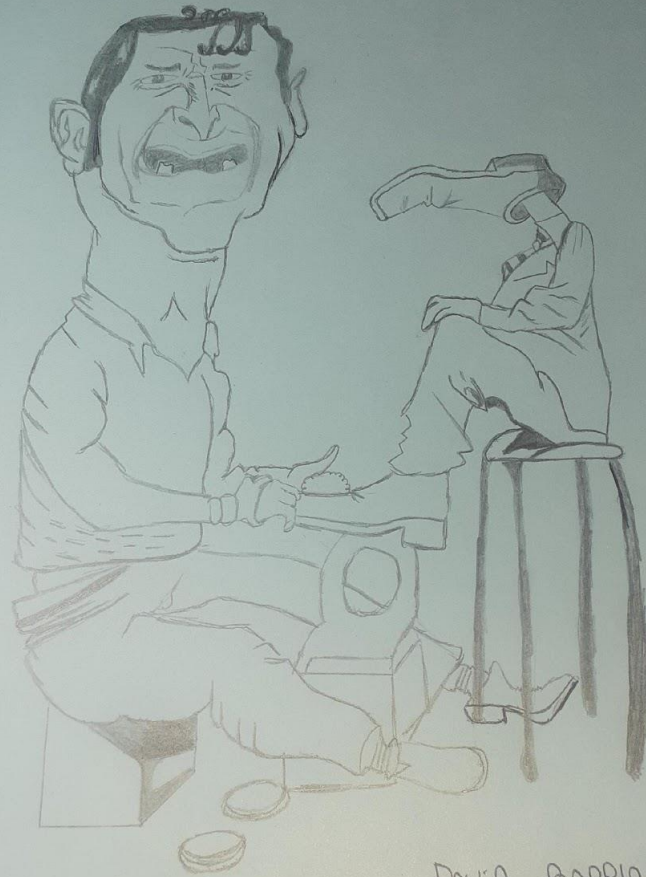

He was a humble shoe cleaner, a job that I do not see today and very pleasant, was like the voice of the poorest

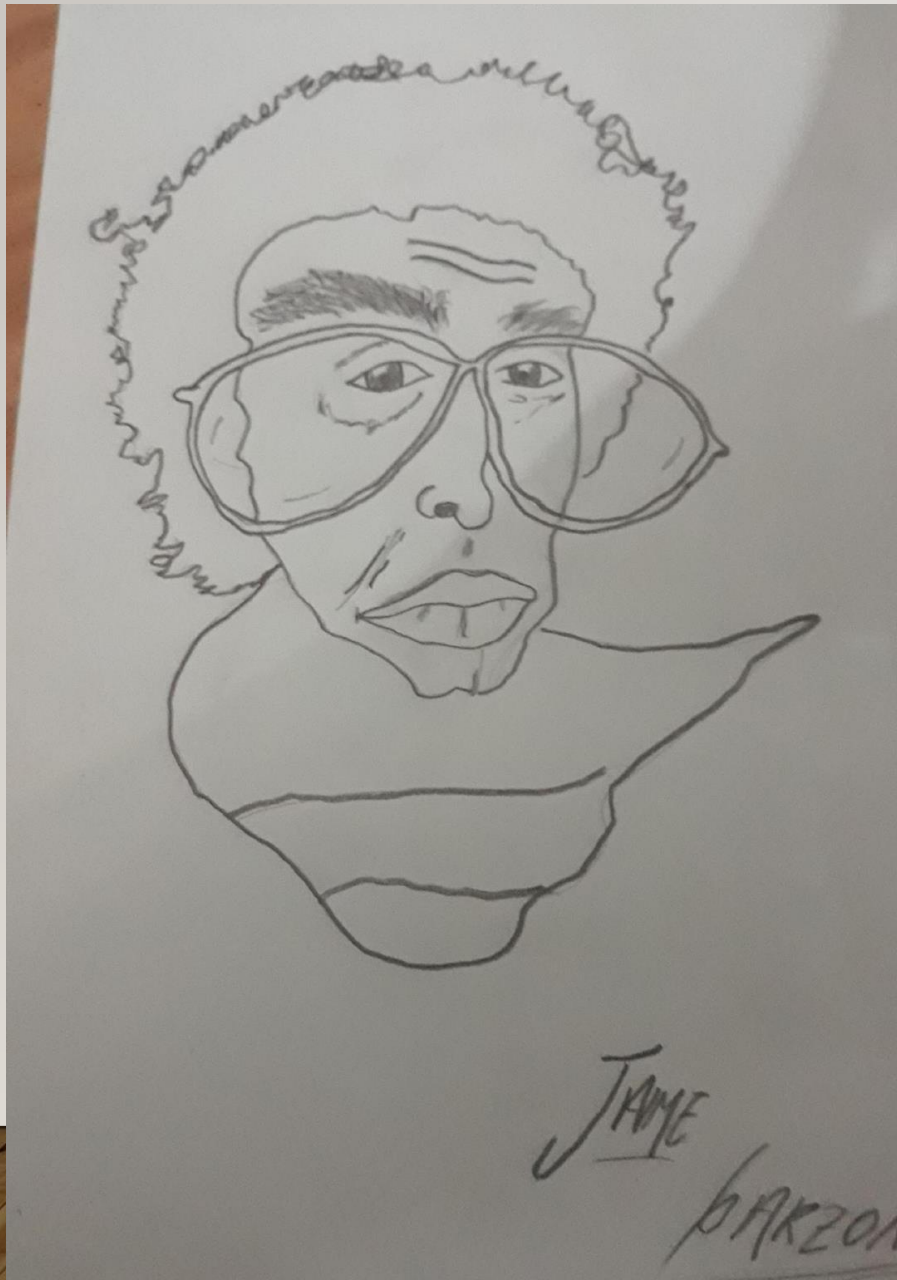

VIVIANA ORTEGA

DAVID BARRIOS

JULIAN HERNÁNDEZ

I chose Jaime Garzon since he seems to me to be a person who was quite important to our country, he contributed a lot, always speaking the truth, and giving laughter to all Colombians, and above all informing them.
